

Create A Culture of Intentional Leadership

A Program for Leaders to Ensure their Organizations Thrive!

Selecting high-quality players to lead your organization isn't the issue. Getting them to align on goals and developing a cohesive strategy to meet them, is the challenge.

PROGRAM OUTCOMES

- Understand what stage the organization is in and what it needs to grow or scale.
- Uncover individual leadership strengths and leverage those for the betterment of the business.
- Set goals to exercise leadership strengths and refine areas of development.
- Create alignment across the leadership team to streamline a way forward.
- Learn and practice communication frameworks to create more productive teamwork.
- Develop a plan to disseminate communication frameworks to support company scale.
- Implement metrics to ensure change management initiatives are a success.
- Create autonomy with diligence and intention.

Program methodology includes:

- Executive Coaching
- Leadership Round Tables
- Leadership Training
- Manager Training
- People Skills Training
- Setting Goals & Objectives
- Metrics
